8-10 June 2010
RAI, Amsterdam, The Netherlands
PLUG INTO NUCLEAR

AMSTERDAM RAI

Easy to get around

Convenient transport facilities. First-class accessibility.

BY PLANE

You can reach Amsterdam RAI from Amsterdam Airport Schiphol by car or public transport in less than 15 minutes. Schiphol Airport is one of Europe's biggest airports and offers passengers a high standard of service.

BY TRAM & BUS

If you arrive at Amsterdam Central Station (CS), take either the Amstelveen express tram 51 (travel time 12 minutes, exit at the Amsterdam RAI station) or tram 4 (travel time 30 minutes, exit at the RAI Europaplein). If you are travelling by train to the Amstel station, take the Amstelveen express tram 51 (travel time 5 minutes) or bus 15, 69 or 169 (travel time circa 10 minutes, exit at RAI Europaplein). From Amsterdam Sloterdijk station, the best way to reach Amsterdam RAI is on express tram 50.

BY TRAIN

The Amsterdam RAI rail station is 300 metres from Amsterdam RAI. It has regular connections to all parts of the Netherlands, including Schiphol, Rotterdam, Utrecht and The Hague, and the international rail network. Check the NS website (www.ns.nl) for your itinerary.

BY CAR/MOTORBIKE

Amsterdam RAI is ideally suited for visitors who come by car. It is situated alongside Amsterdam's A10 ring road (exit 5109) and has its own underground car parks. As all main motorways can be easily reached from the ring road, the RAI is very accessible to visitors coming from within the Netherlands or abroad.

Numerous signboards give directions to the RAI. During large exhibitions orange signs displaying 'P RAI' will direct you to additional parking places from where a free shuttle bus takes you to Amsterdam RAI.
